Notice to the Public

The Morning Journal and The Evening Herald, respectively find it necessary to raise their subscription rates. This notice is made imperative because of the following facts: The price of paper purchased in carload lots heretofore has been \$1,000 a car at the factory. Owing to difficulty in securing pulp, the factory price now is \$2,500 per car, and the indications are that the price of pulp paper may go even higher. Instead of playing over on their circulation, or taking only a small loss, at the recent prices of subscription, the advance in pulp paper becomes bankrupting. Hence both The Journal and The Herald announce the following subscription rates effective on and after September 1:

- The Albuquerque Morning Journal, by the year, in advance \$7.50
- By the month 70c
- The Albuquerque Evening Herald, by the year, in advance \$6.00
- By the month 60c

Whenever normal conditions are restored and circumstances will justify it, the prices above quoted will be reduced proportionately.
